

Q4 2024 Factory Reservation & Procurement Report

Location: Central Production Facility, Lyon, France

Reporting Period: October 1 – December 31, 2024

1. Overview

The Central Production Facility maintained operational stability throughout Q4, with a 97.6% uptime. Several new AI-optimized components were introduced into the assembly pipeline. Procurement activity focused on sensor modules, edge processors, and high-throughput cooling systems.

2. Materials Ordered (Q4 2024)

Item	Quantity	Supplier	Cost (USD)	Delivery Date
LIDAR Sensor Units	150	NovaOptics	45,000	Nov 12, 2024
Edge AI Processors	120	NeuralSilicon Ltd.	96,000	Oct 29, 2024
Liquid Cooling Systems	30	CryoFlow Industries	60,000	Dec 5, 2024
Optical Calibration Kits	75	PreciseTech	18,750	Nov 20, 2024
Thermal Interface Pads	500	HeatLogic	12,500	Oct 10, 2024
Cleanroom Gloves	15,000	MedSafe Supplies	6,300	Rolling (weekly)
Aluminum Mount Frames	80	BuildCore	22,400	Dec 12, 2024
